Mail Service Program Option

Blues
Rx

Whether your employees need long-term, maintenance medications or simply enjoy the convenience of having prescriptions mailed directly to their home, our mail service prescription drug option can help.

Blue Cross Blue Shield and Blue Care Network have an arrangement with Merck-Medco Rx Services to provide mail service prescription medications to you and your employees.

Mail service is safe.

Using our mail service is not only convenient, but it's safe.

- The mail service pharmacies are staffed with highly trained, registered pharmacists.
- A team of licensed pharmacists carefully checks each prescription against the patient's drug history profile on every prescription drug order. The prescription is also verified by the mail service quality control department for accuracy in product, quantity and strength.
- Plus, a registered pharmacist is available 24 hours a day, seven days a week, to answer any questions.

Mail service is easy to use.

First-time users can simply send the original prescription and copayment in the pre-addressed order

envelope. Envelopes can be ordered from your Blues representative or by calling Merck-Medco at 1-800-903-8346.

Each prescription dispensed will have a suggested refill date on the enclosed refill slip to remind your employees to order their refills on time. Refills can easily be ordered over the phone, by mail, or via the Internet at www.Merck-medco.com.

The mail service program is administered similarly for Blue Cross Blue Shield and Blue Care Network customers; however, the copay dollar amounts differ.

Blue Cross Blue Shield of Michigan mail service option available to all customers:

MOPD-2X – The member pays his or her usual copayment for up to a 34-day supply of medication, and twice his or her usual copayment for a 35- to 90-day supply of medication.

For more information, please call your Blue Cross Blue Shield of Michigan or Blue Care Network sales representative or independent agent.
